## ***TESOL Certificate Course PHUKET, THAILAND***

Nowhere else on earth will you encounter the stunning beauty of Thailand's largest island Phuket, known as the "Pearl of the Andaman Sea."

Dominated by breath-taking white sand beaches and Sino-Portuguese architecture, Phuket acquired its wealth from the tin trade established by the Dutch in the 16<sup>th</sup> century. Since then, the inhabitants have thwarted a massive attack from Burma, welcomed an influx of Chinese immigrants, and opened their arms to the thousands of international tourists that visit each year. If you like warm weather, sunny beaches and crystal clear water, this paradise is the perfect location for you to take our TESOL course. You will experience the ultimate combination of work, relaxation and adventure.

### **Practical Information about living in Phuket:**

**Weather:** Hot and humid throughout the year. Rain in evenings during summer rainy season.

**Activities:** Surfing, scuba diving, and water sports at the many beaches. Elephant trekking in the rainforest.

**Shopping:** Outdoor markets for fresh produce and local handcraft shops for unique souvenirs (pearls, shell products and batik clothing)

**Food:** Curries, rice, noodles, fresh seafood, vegetables, spices and herbs make Thai cuisine irresistible!

**Culture:** Most of the population is Buddhist with a significant number of Muslims. Main occupation is rice farming.
